Reference is made to your recent verbal requests for authority to purchase certain items of equipment of nominal value for performance of our general contracts.

25X1A9a

In connection with the authority necessary for purchase of such equipment you will recall that this matter was discussed before in Mr. [REDACTED]. Pursuant to this discussion and a subsequent conference held in this office on 7 May 1953, it was agreed that the "subcontracts" clause in our contracts would be amended to permit that purchase of industrial facilities and special tooling would be made in amounts up to \$5,000 without prior consent of the Contracting Officer. It was further agreed at this conference and set forth in your letter of 15 May 1953 that individual approval would be obtained for subcontracts ranging between \$1,000 and \$5,000.

In order to keep this office informed of equipment purchases ranging in price up to \$1,000 without continuing telegraphic correspondence of the undersigned or Project technical personnel in each case, it is requested that a summary of such equipment purchases be submitted to this office on a monthly basis.

Very truly yours,
